**Need help?**

Contact us if you experience any errors while completing the agent nomination process. Before we can discuss your details or update your records, you must establish your identity.

You must nominate your agent.

Your agent cannot do this for you, but they can guide you through the nomination process.

The security of your tax and super information is very important to us. That's why we've changed the process for how a registered agent (tax agent, BAS agent or payroll service provider) can access your information. We now require you to securely nominate a registered agent when you change an agent or change the authorisations you give your existing agent.
